

Important: Always unplug the power cord before installing or replacing bulb and before cleaning or other maintenance.

This light should be installed by a licensed electrician

Assembly & Installation Instructions

1. Shut off power to outlet box.
2. Insert bulbs in socket.
3. Align the holes of the glass tube with the socket hole and secure with glass ring. Do not overtighten - glass may crack.
4. Attach mounting plate to outlet box using outlet box screws. Note the two screw holes around the rim of the the mounting plate should align with the holes around the rim of the canopy.
5. Make appropriate electrical connections using wire nuts. Connect the black fixture wire to black supply wire. Connect white fixture wire to white supply wire. If there is no green ground wire from the outlet box, connect the fixture ground wire to the mounting plate with the green screw provided. Place connections in outlet box.
6. Attach canopy to universal plate with the two mounting screws.
