

Important: Always disconnect the power before installing or replacing bulbs and before cleaning or other maintenance.

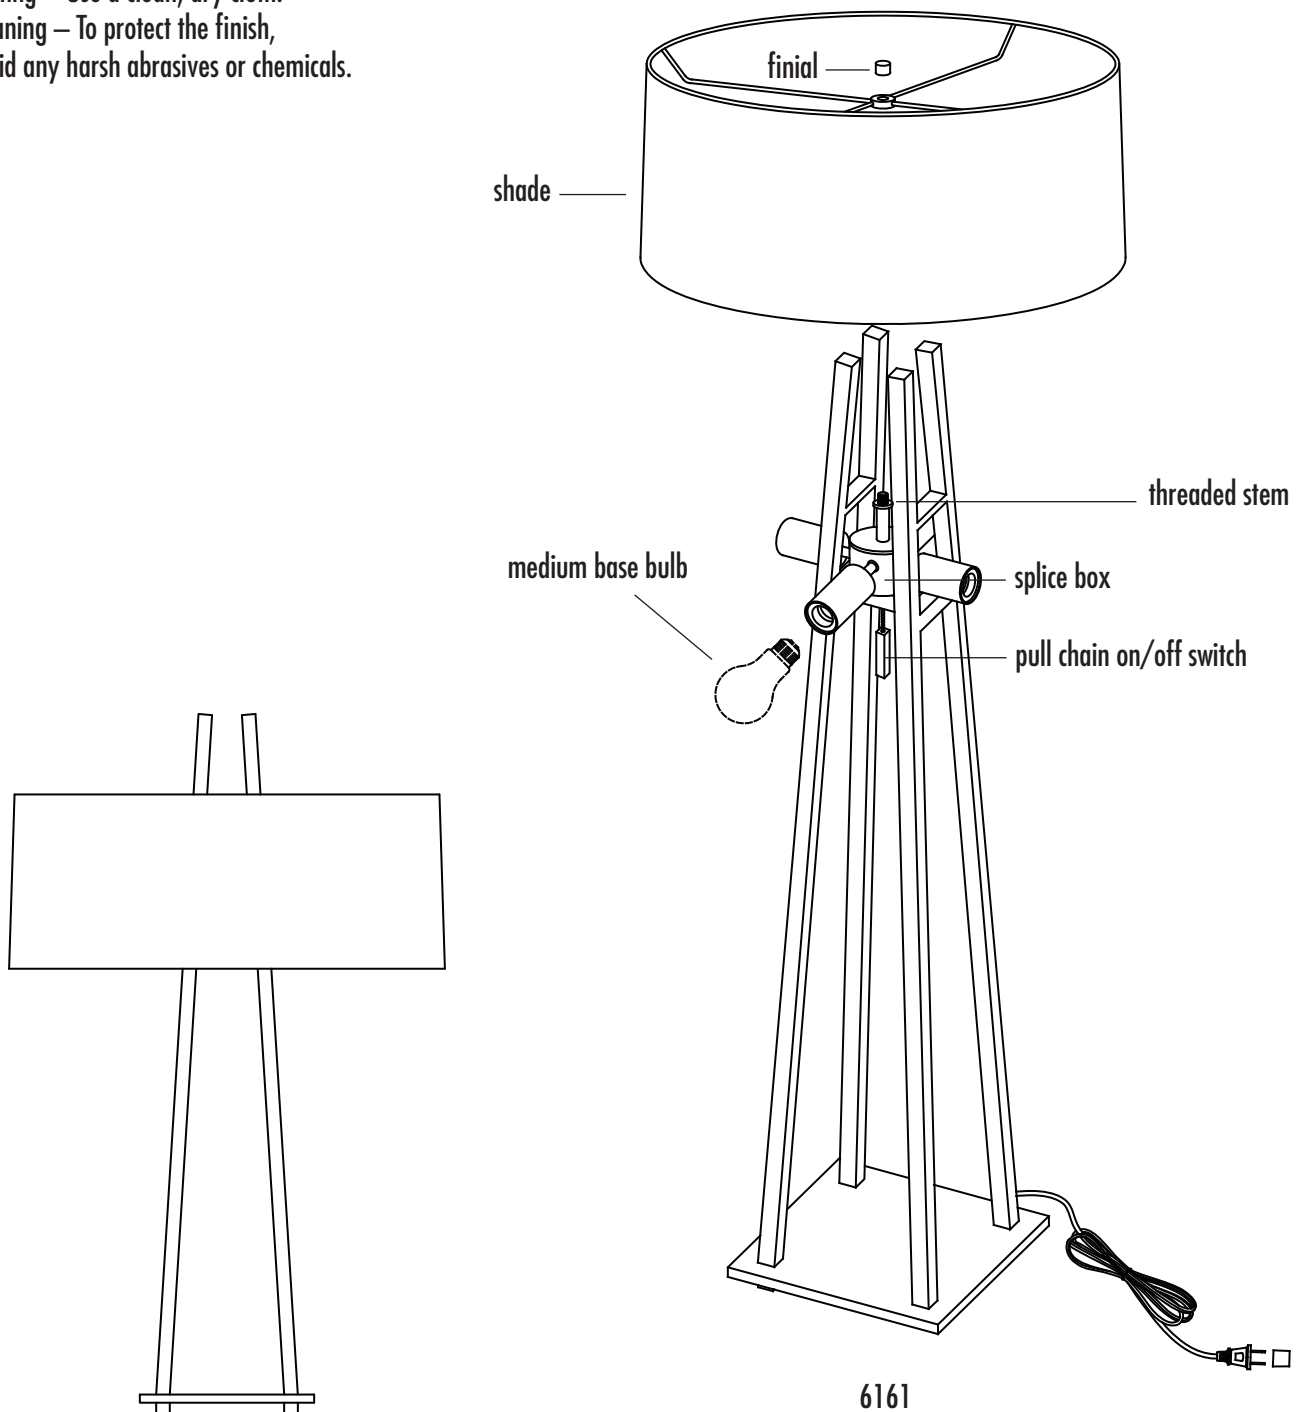

Assembly & Installation Instructions

1. Install 100W medium base bulbs (not included).
2. Place shade onto the threaded stem, tighten with finial.
3. Plug in the cord and the pull chain on/off switch is located under the splice box.

CARE INSTRUCTIONS

Dusting – Use a clean, dry cloth.

Cleaning – To protect the finish, avoid any harsh abrasives or chemicals.
