

Important: Always disconnect the power before installing or replacing bulb and before cleaning or other maintenance.

LAMP INSTALLATION AND ASSEMBLY

1. Attach mounting plate to the wall using wood screws and anchors.
2. Screw together the (2) 12" stem, and screw it to the hole on the bottom of back plate.
3. Attach back plate to mounting plate. Tighten with back plate screws.
4. Install 150w medium base bulb (not included).
5. Place shade and metal diffuser on threaded stem, and secure with finial.
6. Plug in the cord, and the on/off turn switch is located on socket.

CARE INSTRUCTIONS

- Dusting – Use a clean, dry cloth.
Cleaning – To protect the finish, avoid any harsh abrasives or chemicals.
